

YOU'RE INVITED TO LUNCHEON/MEETING

February 16, 2012
Smokey Mountain Pizza
1465 American Legion Boulevard
Mountain Home, Idaho

Sponsored by
Idaho State Utility Coordination Council
& Idaho Public Utilities Commission

Meeting begins at 11:00
With lunch served at Noon

The purpose of the meeting is to provide a presentation on the benefits of having a Local Utility Coordination Council (UCC) in your area. A UCC is a group made up of representatives from the utilities, contractors, excavators, local and state governmental agencies, engineers, and other interested organization and individuals. The UCC works through communication, coordination and cooperation to achieve the orderly planning and installation of facilities during right of way improvements and private developments.

The presentation will cover the purpose of UCC's , how they work, why they are important, and the advantage of having a UCC in your area. We hope you will be able to attend this important meeting. We would ask that you let us know if you are able to attend as we need a count for lunch. If you have any questions or need additional information, please contact Ron Law at (208)-846-9342 or ronlaw@clearwire.net .
